ASSUMPTION HIGH SCHOOL

WINDSOR, ONTARIO

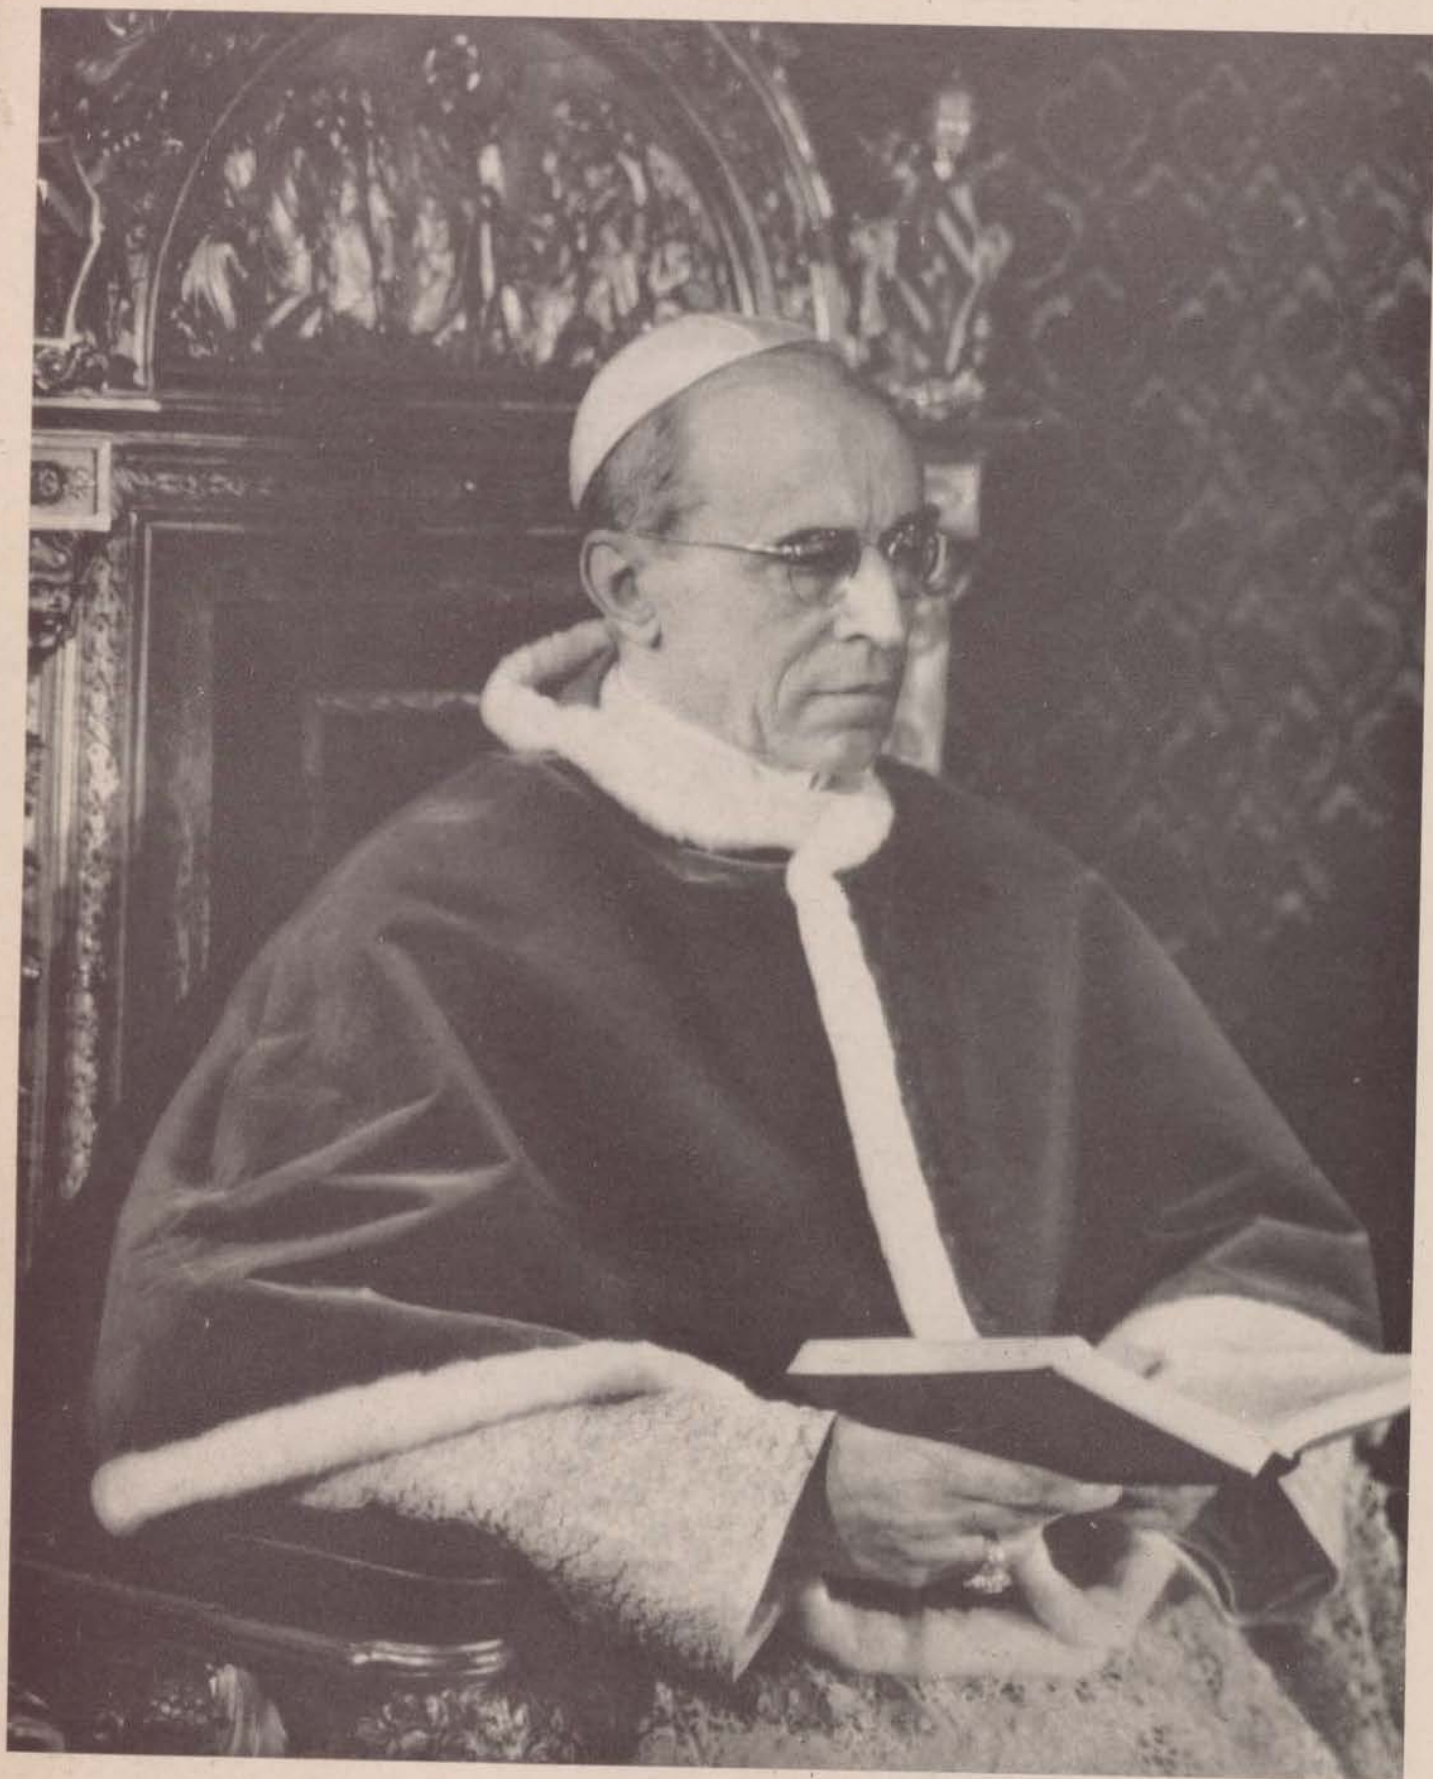

The "New Seal" of Assumption College

THE "NEW" SEAL OF ASSUMPTION COLLEGE which appears above, was created in 1920, by the Reverend John Plomer, C.S.B., a member of the college faculty, on the occasion of the fiftieth anniversary of the opening of the college department by the Basilian Fathers. Born and educated in England, Father Plomer was acquainted at first hand with the traditions of heraldic symbolism.

The shield tells briefly the origin and development of the college. The lower left-hand panel pictures the conversion of the Indians who occupied these shores when the missionaries first arrived. Chief "Big Turtle" of the Hurons, after his own baptism, helped the missionaries to convert the rest of the tribe. This is symbolized by his carrying the cross from wigwam to wigwam. It was he, too, who gave to the Church the property on which the college now stands, a title later confirmed by the Crown when the county was surveyed. The lower right-hand panel epitomizes Christianity and the life of Christ from the star of Bethlehem to the Cross of Calvary. The upper left-hand panel containing the monogrammed A. M., the initial letters of the "Ave Maria," commends us to Mary, the Mother of God, and the patroness of the college. The upper right-hand panel, with the open book has a twofold significance. Taken from the coat of arms of the Basilian Fathers, it symbolizes the work of education and tells us that the college is in their charge. At the same time it represents our affiliation with the University of Western Ontario whose coat of arms also contains an open book. Entered in the book are the closing words of the Ave Maria, asking our Holy Patroness for Her intercession "now and in the hour of death."

The scroll surrounding the shield presents, in the college colors of purple and white, the motto of all Basilian-conducted schools: "Teach me goodness, (self)-discipline and knowledge."

Eighty Years of Progress at Assumption College

ASSUMPTION COLLEGE is celebrating this year the Eightieth Anniversary of its administration by the Basilian Fathers. When Father Dennis O'Connor of the Congregation of St. Basil arrived in the village of Sandwich in August, 1870, with three other Basilian priests and the magnificent sum of \$300.00, he took over the administration of a school that had been conducted under other auspices from 1857.

The origins of Assumption College may be traced back to the return of the Jesuits to Assumption Parish in 1843. Father Pierre Point, the Jesuit pastor, was an exceptionally astute man and observed throughout his parish an appalling illiteracy and ignorance. His parish extended twenty miles along the Detroit River and Lake St. Clair and as far south as the Irish Mission of Maidstone; in addition the parish conducted missions in Belle River, Tecumseh, Stoney Point, Chatham, Walpole, Raleigh and Tilbury. The parish numbered some 3,000 souls who were almost exclusively French-Canadian in nationality.

Father Point immediately introduced a network of elementary French-speaking schools in his parish, establishing by 1846 thirteen schools with an average enrollment of 80 to 100 students. His schools were among the first elementary schools of any kind in Western Ontario and anticipated by several years the introduction of public schools supported by governmental taxation (1854).

He encountered considerable opposition from members of his flock who remained unconvinced that there were benefits to be derived from education commensurate with their cost and maintenance. The Civil authority also was rather hostile in the beginning, since the Ontario system of education under the direction of Dr. Egerton Ryerson was then only in the process of formation and the principle of denominational schools was not a matter of general agreement.

In spite of the faltering enthusiasm and latent antagonism that his project evoked, Father Point not only proceeded with his plans, but enlarged upon them. Recognizing the importance of secondary education, he was enabled to open a high school for girls in the parish presbytery in 1852 through the generosity of Mr. and Mrs. Antoine Beaubien of Detroit. (The first secondary school, or high school, was opened in the Windsor area in 1871 when the combined population of Windsor and Sandwich totaled 5,413.)

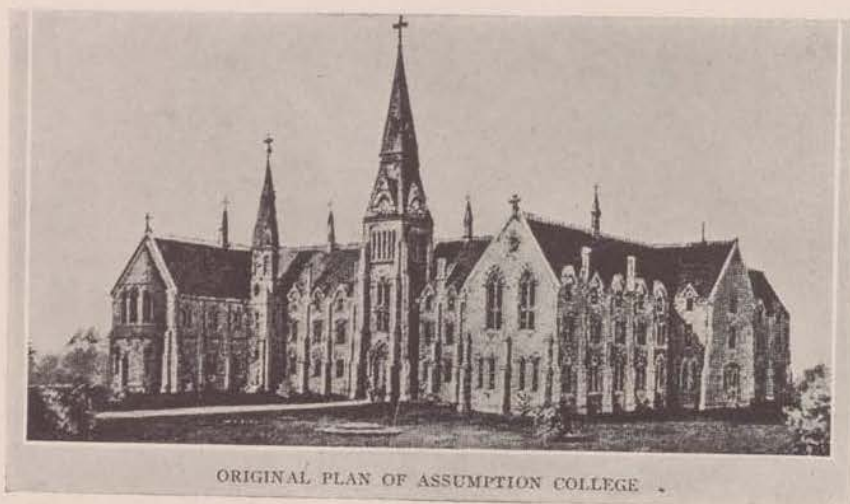

In 1855 a secondary school for boys was erected on the parish grounds and was opened in 1857. The curriculum of Le College de l'Assomption consisted of preparatory, commercial and classical (high school) courses. The staff included laymen teaching under the direction of the Jesuit Fathers. During its early years instruction was given through the medium of the French language.

When Father Point and the Jesuits left the parish and the college in 1859, the school fell upon days of extreme adversity. Its survival was due principally to the indomitable zeal of Mr. Theodore Girardot who was successively teacher, dean and principal. Mr. Girardot was born in France in 1824 and devoted his life in Canada to the cause of education.

After heading the college for several years, Mr. Girardot as a layman began to feel unqualified to guide a student body largely preparing for the priesthood and so informed Bishop Walsh in London. The bishop asked him to recommend some religious congregation to replace him. Mr. Girardot suggested the Basilians because they were at the time one of the few bi-lingual religious communities in Canada. There was a French tradition in the community that had come to Canada from France less than a generation earlier; and, having become located in Toronto at St. Michael's College, there were persisting British and Irish influences. When Father O'Connor arrived in Sandwich, Mr. Girardot valiantly assisted him, even canvassing homes in the district for students. Freed from his duties at the college, Mr. Girardot was appointed public school inspector for North Essex, which post he held until his death in Sandwich in 1900.

In the next twenty years, 1870-1890, Father Dennis O'Connor proved himself a worthy successor of Father Point and Mr. Girardot. In the very first year of his administration a college course was introduced; and although the growth of the school was unspectacular, it was steady. From a total enrollment of 29 students in 1870, the College grew until its attendance reached 150 at the turn of the century.

By 1890 when Father O'Connor left Assumption College to become Bishop of London and, later, Archbishop of Toronto, the College had expanded to three times its original dimensions. To the old classroom building, the original unit opened in 1857 and still in use, were added the southern wing of the present Administration Building in 1875 and the central wing including the refectory and infirmary in 1884.

Early Progress

FATHER O'CONNOR's assistants during his early years at the College were Fathers M. J. Ferguson, M. Mungovan, D. Cushing (president of the College, 1890-1901) and Robert McBrady (president, 1901-1907), names that are rich with legend in the story of Assumption.

With the administration of Father Francis Forster (1907-1919), and Father Joseph Muckle (1919-1922), a new generation of Basilians took over and the pioneering age may be said to have passed. During these years the northern wing of the Administration Building in which the chapel is located, the gymnasium and the adjoining residence building were erected.

Undoubtedly, the most important event of this period was the agreement of affiliation of the college department with the University of Western Ontario, initiated by Father Fallon of the Diocese of London and completed in detail and signed in October, 1919. A summary of the terms of affiliation embraced in point 12 of the original document follows:

"The Assumption College shall constitute a College of Arts and as such shall enter into and form a part of the Faculty of Arts of the Western University; it shall enjoy the rights and assume the obligations common to all the affiliated colleges; it shall be represented in the Board of governors and the Senate and in the Council of the Faculty of Arts; its staff of teachers shall have equal standing and rights with the officers of instruction of the University College of Arts; its students shall be admitted to the degrees of the Western University and to the medals, scholarships and prizes offered by the University in the Arts course; all in accordance with the Western University Act of 1908, chapter 145 in the Statutes of Ontario."

There were 47 students in the college department at the time affiliation was effected; in 1930 there were 116; in 1936, 345; in 1944, 305. As of 1947, the total enrollment including College, High School, Night School and Summer School reached 1570.

Succeeding Father Muckle, Father Daniel Dillon served as president from 1922 to 1928 and again from 1931 until his illness in the summer of 1932. The present classroom Building was erected during his first administration. Father Vincent L. Kennedy was president from 1928 to 1931 and Father Thomas A. MacDonald, from 1932 to 1940. Father Vincent J. Guinan, a graduate of the first class following affiliation of the College with the University, took office in 1940, the ninth Basilian president of Assumption College.

Father John H. O'Loane succeeded Father Guinan in 1946 and is now guiding the destinies of the college and its proposed expansion.

Assumption College Development Plan

ON THE SOUTH SHORE of the Detroit River, in the residential district of the village of Sandwich, Ontario (part of the city of Windsor, since 1935) Assumption College is located on land donated to the Church by the Huron Indians who occupied this territory when the missionaries first arrived.

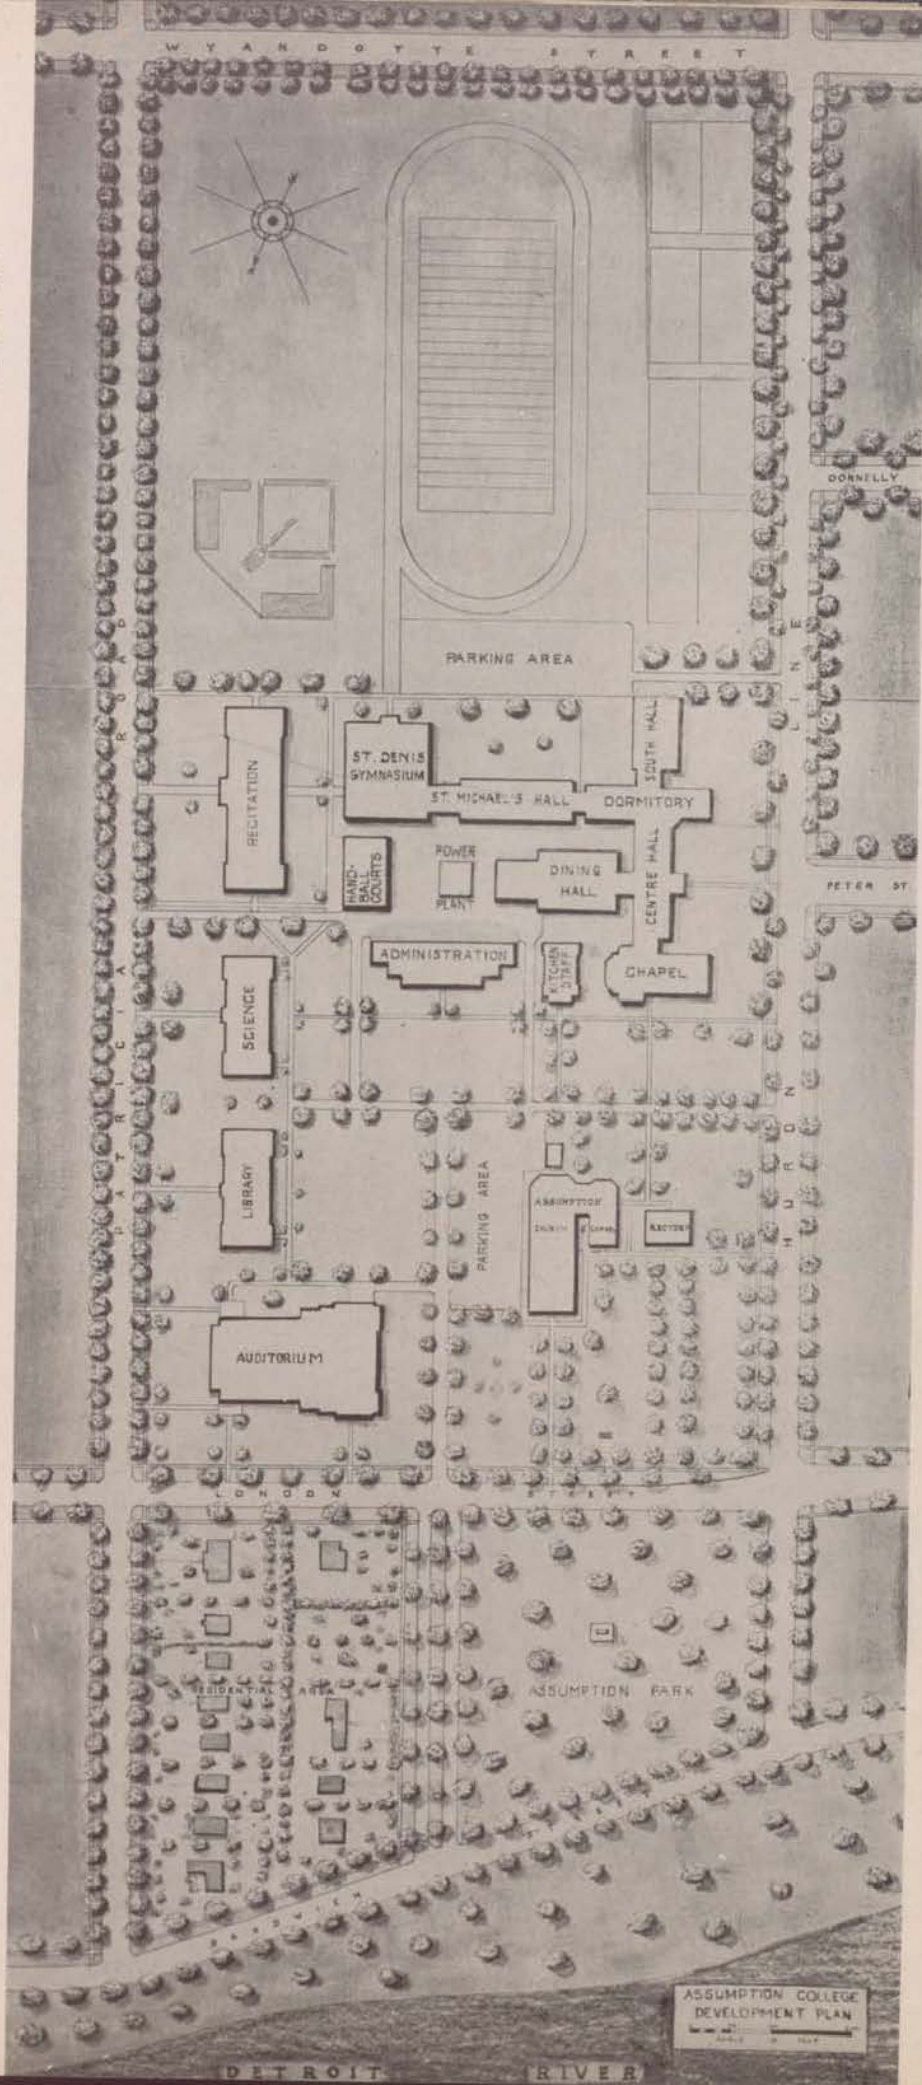

Beginning as a High School in 1857, in a building which now forms the south wing of the group of buildings along Huron Line, Assumption College became a college in fact as well as in name in 1870, when the Basilian Fathers arrived to conduct the College courses. The enrolment that first year was 29. In the intervening years it has grown steadily until today there are over 600 students enrolled in the College Department, and this year has seen the largest graduating class in the history of the college when 120 young men received their B.A. degrees. (There are, moreover, about 900 students attending Assumption High School, and over 300 adults enrolled in Night School classes in both College and High School subjects.)

Dormitory facilities, once more than sufficient for all boarding students, both High School and College, are now limited to the accommodation of about 300 High School students only. All out-of-town College students must seek lodging and board in the homes of the community.

The oldest building, South Hall, a simple building of classic design erected in 1855-57, now houses the departments of Music and the Manual Arts on the first floor and provides some dormitory accommodation on the second and third. Centre Hall dating from 1875 and possessing good architectural proportions is the most extensive building on the campus and contains the administrative offices and the faculty residential quarters. An east wing to this building was erected in 1884 as Dining Hall and Infirmary. The Gothic Chapel erected in 1907 forms a north wing.

St. Michael's Hall erected in 1912, is a dormitory building for High School students. St. Denis Hall, the gymnasium, constructed in 1915, and enlarged during the present year, contains exercise rooms, lockers, showers and swimming pool, and when remodelled will provide space for athletic offices, two basketball floors, and an indoor field 105 x 120 feet. The Recitation building erected in 1927 and at that time providing sufficient accommodation for classrooms and library facilities for both the High School and College Departments, now is completely occupied by the High School alone. The existing buildings are served by a central heating plant which in 1945 was equipped with two new boilers and space allowed for the addition of a third should the need arise.

When, in 1945, it became necessary to increase the capacity of the institution to a minimum of 500 College students, and to improve and enlarge the physical plant, the college authorities selected an architect and directed the preparation of a general development plan to control the necessary growth and expansion. At the same time a financial program was adopted which contemplated the solicitation of funds

over an extended period of time. The architectural planning is already in process and the first of the new buildings, the Memorial Science Building, is nearing completion. This building will be dedicated to the memory of the more than 200 former Assumption students who gave their lives in World War II. But the construction of the other buildings planned has been made contingent upon the assurance of the necessary funds for each building before ground is broken.

The development plan shows the proposed building expansion and landscape changes. Before setting out on the program of expansion it was decided that it was desirable to retain as far as possible all that was established and familiar both in architecture and landscape. Accordingly the buildings along Huron Line will be preserved intact and present and future expansion will be projected in a northerly and easterly direction. The park-like character of the frontage on the Detroit River and the fact that London St. is one of the chief thoroughfares through the city determined the importance of the main entrance to the campus at this point. When the new buildings are erected this driveway from London St. will lead into an inner campus around which all college activities will centre. New drives and walks through this enclosed quadrangular area will be created as the need arises, and the planting of trees and shrubs will bring back the park-like character it enjoyed in past decades.

As one enters the inner campus from the north along the driveway from London St., on the right-hand side stands historic Assumption Church first erected in 1702 replacing at that

time the Huron Indian Mission Church which stood on the shore of the river. At the head of the main driveway and screening from view the central heating plant, will be erected a new administration building. To the east is the new Science Building which will house the department of Physics, Chemistry, Biology, Psychology and Mathematics. North of this building will be the new Library with stack capacity for 65,000 volumes, and containing also classroom facilities for the humanities and the social sciences. On the corner of London St. and Patricia Road will be a theatre-auditorium, which as an auditorium will have a seating capacity of 1500, and will be so designed that its capacity may be reduced to half that number for the presentation of plays. This building will house also a little theatre and music rooms, classrooms, clubrooms, etc. As planned the theatre-auditorium will serve as a social union building and will be one of the most attractive features of the campus. Its accessibility and location at the main entrance to the college will insure its use by both college students and the public for social activities. A cafeteria for the use of college students will be provided in this building. A group of dormitories for 200 or more resident college students is also being planned.

To the south of the group of buildings is the athletic and recreational field providing facilities for football, baseball, tennis, etc. New handball courts have been erected and the gymnasium has been doubled in size.

Additional property near the campus has been purchased and is available for the varsity sports, and the erection of a field house and stadium is being planned by the Dad's Club of the College.

SPECIAL FIRST

HONOURS TERM

LEO BURNS TOPS ALL STUDENTS

Perejda and Morand Second and Third

The principal made known that Leo Burns, of 10-C, is Assumption High's best student. He received an average of ninety-three percent in the last quarterly examinations.

Second place went to A. Perejda of 11-A. He made an average of ninety-one percent.

These are Assumption High School's three best students.

Honourable mention went to Andrew Leveck, of 9-D, who stood fourth highest, with an eighty-six percent average. Roger Emery, of Grade XIII, was fifth, with eighty-four percent.

Ninety-nine students in the High School received an "A" average. There are nine hundred students at Assumption. Thus, one student in every nine received an "A" standing.

Leo Burns, Assumption's best student for this term, had this to say for himself: "I just studied. That's all." He is a very modest fellow, with a shy smile, and a habit of getting things done. All his teachers were unanimous in saying that Leo deserved the recognition,—and the reward,—that he is receiving.

Leo is also a cub reporter on the school paper, and will, in the next few years, make a fine editor. The present editor claims that he is very dependable, and can always be counted upon to be at any place required, at any time within reason. His job is faithfully done.

Perejda's statement on his success was quite simple: "I come to Assumption to learn something. My parents pay good money to send me here. I can't let them down". Perejda is in third year.

John Morand also had this to say, "There is nothing, that a little studying every night can't overcome".

Father Brown is quoted as saying: "These boys certainly deserve congratulations. However, I wish to remind all that the Christmas examinations are only three weeks away".

REWARD FOR "A" STUDENTS

Honour Pins

Every Honour Student will receive an "A-Pin" as a reward for his outstanding efforts in obtaining the necessary marks. That is, the students are required to receive recommendations in all of their subjects, to secure one of these pins.

On the pin is indicated how many years the student has received first-class honours. The pin is presented to the top pupils at the end of the school year, and not after each set of exams. A special award is also given to the highest honour student.

This pin is comparatively small in size, but it cannot be equalled in its meaning. It portrays one of the greatest achievements that can be obtained in this school. Those who are ambitious enough to secure one of these "A-Pins" wear it proudly. They deserve it.

FATHER BROWN CONGRATULATES TOP BOYS

Leo Burns is seen above, receiving congratulations from Father Brown, our Principal. Leo led Assumption's nine hundred students in the recent quarterly examinations. Looking on,—and ready to be congratulated,—are John C. Morand, who was third highest, and Andrew Perejda, who came in second.

Recommendations

Each year at this time, following the first quarter exams, the school staff is deluged with questions from students, seeking information concerning recommendations at the end of the school year. The object of this article is to save the teachers, and students, the time and trouble of answering, and asking, the same questions repeatedly.

As this information is straight from the front office, you will no longer have to bother any of the staff, so read on:

Recommendations are awarded to any student who has an "A" average, that is: 75 percent or better, during the first three quarters of the year, and, if his teacher feels that the student is able to make 75 in that particular subject. The principal has the right to refuse a "rec" to any student whom he thinks cannot meet the standards for a "rec".

So work hard, because it surely helps to be able to skip a few exams at the end of the year, and concentrate on your studies on weaker subjects.

LEO BURNS LEADS SCHOOL AGAIN

FUSCO, EMERY, LEVACK TOP STUDENTS

ASSUMPTION'S LEADING STUDENTS

Shown above with Father Brown are the school's leading students. Standing are Leo Burns, who led the school for the second term, Father Brown, and Jude Fusco, who stood second highest. Seated are Roger Emery, of Grade Thirteen, and Alfred Levack, of 9-D. Both Roger and Al. tied for third place.

SECOND TERM

Leo Burns, of 10-C, led the school again during the second term examinations, with an average of 93.4 per cent.

Jude Fusco, also of 10-C, took second place honours, with an average of 89.7 per cent.

Third place honours ended in a tie between Roger Emery, of Grade Thirteen, and Alfred Levack, of Grade 9-D. Both made an average of 89 per cent.

Honourable mention went to Bernard McNamara, of 12-D, and Frank Csizmadia, of 9-F. Both were close contenders for third place positions, with averages of 88.7 and 88.2 respectively.

The first six places were divided evenly between day scholars and boarders, with two boarders leading the field.

One hundred and twenty-one students made the "A" average group, compared with one hundred who were "A" students during the first term.

Of the one hundred students who made an "A" average in the first term examinations, nineteen dropped from the honour roll at the Christmas exams.

However, forty students made their first appearance on the honour roll during the second term, making the total one hundred and twenty-one.

The battle for first place in the school—and even for a place on the honour roll—was quite evident during the second term in many classes. However, Leo Burns managed to hold his first place position, despite all competition, while second and third positions changed hands.

HONOUR STATISTICS

First Quarter: 100 "A" Students.

Second Quarter: 121 "A" Students.

81 were "A" students in both quarters.

19 were "A" students in 1st quarter, but not in 2nd quarter.

40 were "A" students in 2nd quarter, but not in 1st quarter.

No team can win a championship every year. So after capturing the Windsor and Western Ontario titles for two successive years, the Raiders were beaten in the playoffs this year. Plagued by injuries to key men, Coach Gene Durocher was continually revamping his backfield to make use of the best uninjured men available. Many promising youngsters were thus uncovered, and next year will see the Raiders back on top. Of course, a record of only three losses in eight games is no disgrace, but in the light of two successive Western Ontario titles captured by the teams of 1947 and 1948, the loss of three of eight games looms as a major catastrophe. Next year's team will be better as many of the Junior Wossa Champs will advance to High School football.

The High School Basketball team did admirably well in the 1949-50 season, considering that most of the players were in their first year of varsity competition. As most Assumptionites said—after a semi-final playoff loss to Patterson due to uncontrollable circumstances—"Wait 'Til Next Year!" Coached excellently by Mr. Durocher, the team had much spirit, skill, and especially conditioning. They behaved like champions on and off the floor, more so after a rare defeat. Mr. Durocher, always excellent in raising fierce school spirit, did superlatively well in this degree, Assumption being the hardest-fighting team in the city with the strongest cheering section. Each game was a close, exciting one, with the Raiders never giving up or losing until the final gun.

Cameron catches a Villaire pass then laterals to Vergote on his right in the WOSSA final. Ed Chittaro and Fr. Armstrong, Captain and Coach, cuddle the championship cup.

The Junior High School Football team, coached by Fr. Armstrong, Carl Renda and Fr. Burns, got off to a late start, but fully made up for this by winning the Windsor City League and the WOSSA. Playing London Central at Windsor, Assumption swamped them 22-0 in the Western Ontario semi-finals. After Thanksgiving, the Juniors played Guelph at London in the snow, winning 16-5 in the WOSSA championship game, bringing home the coveted silver cup. Many fine players who were developed by coaches Fr. Armstrong, Fr. Burns, and Carl Renda, will be valuable to the Raiders next year. The WOSSA champions were a strong-spirited, highly competitive team, who fought back against the breaks, heavy odds, and teams outweighing them. The hardships endured by all, the wonderful team spirit, the bitter cold, coming to play and practice over Thanksgiving weekend, are now happily remembered.

Top Left: Juniors in a Pre-game practice. Lower Left: Bertoia shoots a foul. Below: Zalba lays up a dog shot. Inset: Fr. Armstrong, coach of the Champions.

The Junior High School Basketball team had another very successful season. Since the Senior Raiders were "rebuilding" their championship football and basketball teams, it remained for the Juniors to bring home the bacon in each series. This they did better than all hopes, capturing the WOSSA cup in both. Coached by Fr. Armstrong, the Juniors were a high-scoring outfit with plenty of spirit. As a whole, the team was small, as basketball players go, but fully made up for this fact by aggressiveness and consistent practice. Ability to take the bad breaks as well as the good ones was shown when the quintet bounced back after three straight losses to breeze through the playoff rounds in the city and go to London for the Western Ontario finals. After the tough city competition these seemed easy, and Fr. Armstrong's squad handily won the two games (in one day) at London to return with the WOSSA cup of champions.

HIGH SCHOOL HOCKEY TEAM

Assumption's Hockey team was the midst of fierce inter-school eligibility argument, finally being dropped from first place to last place in the league standings on an ineligible player. Other than this the Raiders, coached by Fr. Cullen, would have easily won, having strong aggressiveness and skill, combined with hard checking and spirit.

HIGH SCHOOL WRESTLERS

Wrestling at Assumption is still in the infant stage, but under the fine guidance of Mr. Savotsky, it is growing to manhood. After spending the winter months in training and practising, the team wrestles in elimination bouts to decide the school championships. These champions are pitted against outside opponents.

Top, Right to Left: P. Aubin, C. Cooper, J. Broughton, M. Plante, F. Bradley. Middle: J. Blow, J. VanThompson, J. Mansfield, J. Morand, T. Maher, P. Rosseau. Bottom: B. Nicholson, T. Conlin, J. Nelson, D. Colombo, B. Gorman, P. Cooper. Left, Coach Louis Morand.

WINDSOR AND WESTERN ONTARIO SWIMMING CHAMPIONS

Assumption drifted to water victory in both the Windsor and Western Ontario swimming meets. Coached by Louis Morand, the mermen outscored all teams in the Invitational WOSSA meet, and in the local WSSA tournament. Charlie Cooper won the 100 yd. breast stroke, setting a new record for WSSA, after winning the 50 yd. race in WOSSA. Max Plante scored in the WSSA 200 yd. and the WOSSA 100 yd. free style. Fred Bradley won the WSSA 100 yd. free style, the WOSSA 50 yd. backstroke, and the Individual Medley. Jim Peabody was named the 1950 Junior Individual Champion winning the WSSA 40 and 100 yd. free style, and the WOSSA 50 yd. race. Van Thompson won the WSSA 40 yd. backstroke; Don Colombo took the WSSA 40 yd. breast stroke. The Assumption teams also won the Junior 160 yd. free style relay, in addition to the 200 yd. relay, and the 160 yd. 10th grade relay.

Left: Cooper points out to Johnny Loaring (former record holder) his new record time for the 100 yd. breast stroke. Below: Plante, Peabody, Colombo, and Thompson, WOSSA and WSSA winners.

Under the careful coaching of Fr. Burns, the best of the house League basketball players were rounded into an all-star team in mid-season and placed in competition against Glade Nine teams from other schools. Their brilliant play bodes well for future championship Varsity teams.

HIGH SCHOOL BASEBALL TEAM

Back Row: J. St. Louis, T. Zalba, R. Knudsen, M. Reaume, R. McPharlane, J. Reid, D. Turner, C. Lajeunesse, R. Cote. *Front:* R. Bertoia, J. Villaire, M. Robert, C. Brisson, G. Reh, B. Eden.

Baseball entered its second year as a varsity sport at Assumption. Under the fine direction of Fr. Cullen, the team played many games against Canadian and American nines, showing a good percentage on the winning side. Composed mostly of veterans from last year's team, the squad had experience, teamwork, and spirit, and had little difficulty in holding its own against any opposition. Many promising new players were produced, and should make baseball command a far larger following in future years.

INTRAMURAL FOOTBALL — SENIOR GROUP

Every boy at Assumption has the opportunity of benefiting from active participation in athletics. Since not every lad can play for the High School team, the House leagues accommodate the additional 250 boys who desire to play football. The league is divided into Junior, Intermediate and Senior groups according to the boy's age and size.

The Senior group, which has no limit on age or size, is noted for its fierce tackling and blocking, and for developing many players for the High School team. The boarder-packed Lions won the first half of the schedule by a wide margin.

INTRAMURAL FOOTBALL — SENIOR GROUP

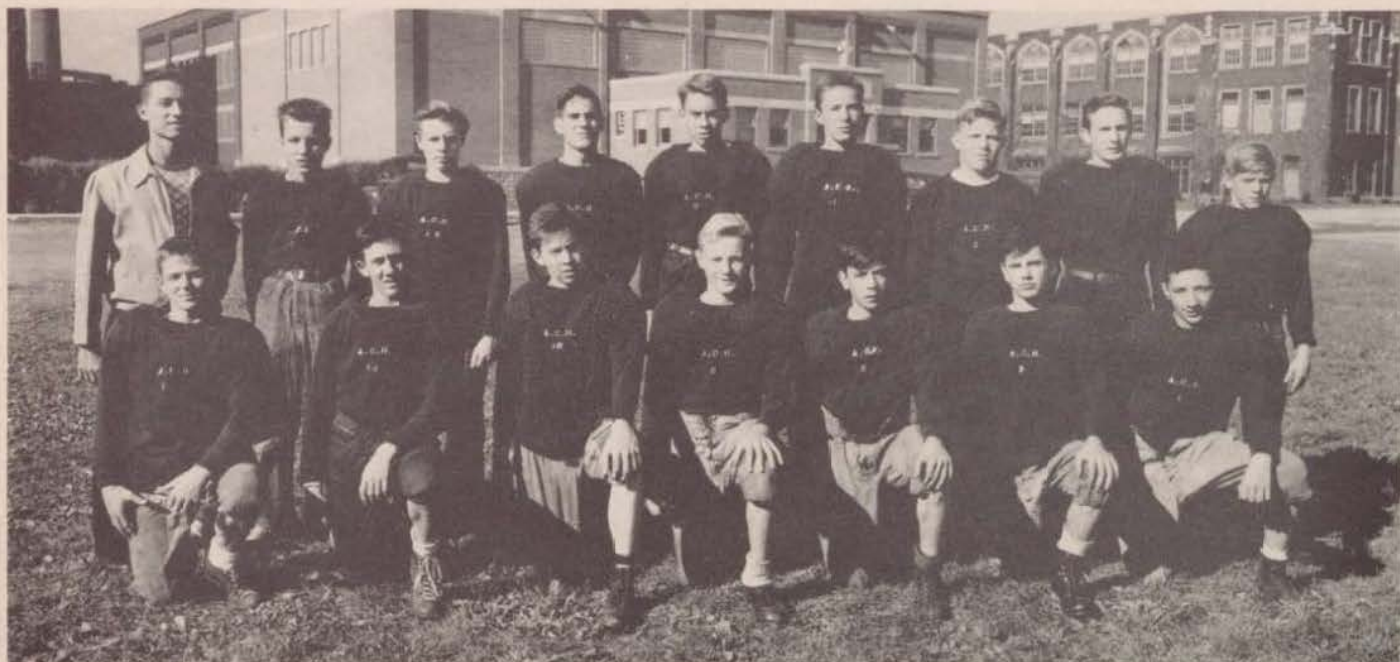

In the playoff game with the Bears, the second-half winners, the Lions won, 6-1. The calibre of football played each year in this league is proven by the fact that the majority of members of the High School team in 1949 played in the Senior House League in 1948.

The teams are coached by Basilian Scholastics, students for the priesthood. The games are refereed by students, notably Larry Winter and Jack Forshey, whose faithful and efficient work merits a strong vote of praise and thanks.

INTRAMURAL FOOTBALL—INTERMEDIATE GROUP

This league for boys weighing less than 135 pounds was the proving ground for this year's WOSSA Champions. After the House League coaches had trained the players in the fundamentals of blocking, tackling, and running, Fr. Armstrong selected the better players to represent the school in Provincial competition. After the raids, the six team league was reduced to four clubs. The promoted players won the Championship of Western Ontario, which is an indication of the strength of the league.

The Indians, having won the first half of the schedule, defeated the Cardinals, second half winners, in the playoffs, 6-0.

INTRAMURAL FOOTBALL—INTERMEDIATE

Many of these players will advance to the high school team. However the majority of boys will never forget the valuable hours of training, the lessons learned in teamplay, in the necessity of co-operation with others. In the house league, with complete absence of fame and publicity, the average player is taught to perform a difficult and not always pleasant task, and learns to derive pleasure even from that work. At a critical period in his life the young lad's physical strength, health and coordination is developed. His mental powers are exercised, trained and sharpened. Through Assumption's house leagues, every boy has the opportunity of benefiting from athletics.

INTRAMURAL FOOTBALL—JUNIOR GROUP

The Junior league, for boys weighing between 65 and 115 pounds, was perhaps the most interesting of the Assumption House Leagues. The players' exceptional interest and spirit more than made up for their lack of weight and strength. Notre Dame won the first half of the schedule of this five team league. Holy Cross, who were mired in the cellar during the first half, won the second series of games. A crowd-ringed field saw Holy Cross edge Notre Dame 1-0 in the last football game of the season in Windsor. The coaches of the High School team were noted during the afternoon eyeing several players for the future.

The Junior All-Star team, coached by Mr. Matzinger, were undefeated in their Sunday afternoon encounters, defeating among others, St. Annes of Detroit, 41-3, and De La Salle of Windsor, 12-6.

Early in life, these eighth and ninth graders learn the meaning of real sportsmanship. There are many temptations to unfair conduct. Under the guidance of their coaches, these adolescents learn to respect the rights and privileges of others. They find that football not only aids their physical development, but also affords valuable disciplinary training, and mental acuteness. It tends to inculcate in the young boy the fundamental value of a well-rounded life.

Lack of outdoor ice this season decidedly cramped the action of the intramural hockey teams. As many games as possible were played at Windsor Arena on Thursday and Friday afternoons. An elimination series was staged by competing homerooms with the 10th graders to the left finally winning the title. This series was limited to day scholars since the Boarders could see little point in wasting good study time in the seemingly foolish game of fisticuffs while skating.

BLOOD 'N THUNDER LEAGUE

JUNIOR GROUP

In the Junior House Leagues, there were eight, strong, and closely competing teams of comparatively even strength. Each team played 28 games, so stamina and condition told on the teams as well as skill. After the two halves, the winners of each half played each other, the Oilers coming from behind to win the last two games of a two out of three game series. This was the league which had the budding basketball players which most often made up the future school varsity teams. The play, although not too polished, was noted for aggressiveness and spirit. Mr. Menner conducted the league in a manner satisfactory to all, and there were no heated arguments. Games were adequately refereed by fugitives from the senior varsity and junior varsity teams. Throughout the season each team was solely out to be a champion, and hard, cut-throat basketball was played throughout.

The Bantam League was the "little-guy" league in house league basketball. In this league the boys, under careful coaching, learn most of the fundamentals of basketball play. They picked these up quickly, playing close, hard basketball throughout the season. As in the other leagues, the season was divided into two halves, winners playing a sudden-death overtime. In this game Mr. Heath's Irish lost to Mr. Marchand's Roughriders in a hard-fought game. Many players looked very good, and plan to be valuable players in the upper leagues and school teams in the years to come. Making up for skill with spirit and a do-or-die attitude, the league produced exciting, close, basketball.

THE HUNGRY FIVES

DAY SCHOLAR LUNCH HOUR LEAGUE

The Day-Scholar league started much later than the boarders, but once it got under way, was a rough and tumble fight for the coveted crest-emblems of the championship teams. Directed by Mr. Durocher, the league produced slightly inferior basketball compared to the boarders, but this is to be expected: "day-dogs", having a life of ease, luxury, and being coddled by mama, just have not the fight, spirit, determination, and condition that a boarder, faced with all of life's difficulties and hardships, plus a few more, would have. (Written by an anonymous boarder).

THE GLORY THAT IS ASSUMPTION

Assumption was founded by men of God, to further His teachings and work. It cannot help but succeed. Proof of its success already can be found all over the world, whence through the Providence of God, those who are grateful to Him for Assumption, send help either by prayer, or material assistance to increase and strengthen their beloved Alma Mater.

This is a glowing tribute, indeed, to the fine, courageous men of the school who labor to turn out Christian men for the betterment of humanity.

We, as contractors for the new Memorial Science Building and Gymnasium are proud to be associated with these men.

We sincerely hope these new structures will be a worthy Memorial to their efforts to bring further honor and glory to God by their teaching "Goodness, Discipline and Knowledge."

Magna Vulcano Gratio et Ad Multos Annos!

This reproduced picture merits to rank among the most precious souvenirs of Assumption. It illustrates in a concrete historical event, the Assumption ideal—the collaboration of Staff and Students in the great work of Catholic Education. It commemorates in fact a crisis in the history of the college which was met and manfully mastered by the then President and five of his stalwart students.

No one who knew Father FRANK FORSTER and the character of his contribution to Assumption between the years 1907-1919, will question the statement that he ranks among the greatest if he be not indeed the greatest of Assumption's Presidents. Called to his reward in 1929, Father Forster had just been re-elected to his second term as Superior-General of the Basilian Fathers.

The winter of 1918-19 was unusually severe. The heating plant was antiquated and inadequate. A cut off of gas and conversion to coal heating produced a strain on both the system and the personnel of the boiler-room, that called for emergency measures. Hence the picture tells the story of how the Superior and five senior students kept the home fires burning by organizing themselves into night shifts of emergency firemen for a period of approximately two months.

REV. EDWARD CAREY, a son of Erin, a late vocation, student at Assumption 1913-1919, with all the native humour and resourcefulness of his origin, was one of the first to volunteer his services. Mr. Carey never reached the goal of the priesthood but was called to his reward at the end of his second year of Theology. He was tonsured on his deathbed by Bishop Gallagher that he might die a cleric in orders.

Thus two of the greats are gone, and may they rest in peace! But there remain four of the "firemen" and because this is their Silver Jubilee we salute them and congratulate them in the name of Assumption's Staff and Students.

On Sunday, February 12, 1950, REV. WILLIAM SAVAGE celebrated his Silver Jubilee, or rather, characteristically, had that celebration forced upon him. Looking back to the picture of 1919 we see "Bill"—a bustling energetic King of the Campus, impartial arbiter of most student conflicts, loyal friend of the Staff, and an earnest student, whose eagerness to drink of the Pierian Spring, whose hunger for truth and grace told of his having come up the hard way and his having finally, and after many struggles, found his spiritual home in his vocation to the priesthood. A significant phase of his early formation had been received in the Coal Mines of Pennsylvania, and his devotion to St. Joseph had taught him the dignity of labour. Hence he was a "natural" for the job when the call for volunteers went forth. Some day we expect to add a book to our shelves, a book entitled "From the Coal Mines to the Altar," and an important chapter of that book will be his generous return to the "shovel" in the winter of 1918-19. Father Savage, Pastor of St. Peter's, Detroit, since 1927, your old friends salute you, and invite Assumption's younger sons to study your noble example.

Another illustrious member of the "gang" and one who has brought great glory to his Alma Mater is REV. ROY PETTIPREN of the Mary Knoll Missions. Students of his day recall that following a sermon given in Assumption Chapel by a missionary priest from Mary Knoll, Roy Pettipren and two of his classmates approached Father Forster, petitioning the foundation of the Students' Missionary Crusade in Assumption. Thus the true founder of our Mission Society went on to prove the genuine character of his missionary zeal when, after ordination at Mary Knoll in 1925, he has spent twenty-five years of his priesthood in the missions of Korea. The *Detroit News Pictorial* Section for Sunday, March 5, 1950, carried a picture of Father Pettipren among his Korean converts, and to those who knew him thirty years ago, the tribute of the "*News*" is quite inadequate as an expression of what Assumption recognizes and extolls in this faithful son of his Alma Mater.

The next of the sons of Vulcan, who also celebrates the twenty-fifth anniversary of his ordination to the priesthood this year, is FATHER BILL DEGAN, priest of the Diocese of Youngstown, and Pastor of Windham, Ohio. The genial and gigantic irresistible force who as "center" steam-rollered Assumption's opponents on the football field thirty years ago, was always ready and willing when a hard job was begging for strong hands. Loyal, brave and true, Bill had the respect of the students as he did the confidence and admiration of the Staff. No higher honour from student days could be his than his membership in the boiler-room nobility of 1918-19.

The last of the group, and the only Canadian (which fact explains his position in this report for, after all, we Canadians were hosts to the Americans), is FATHER JOE PACQUETTE. Quiet, unassuming, steady, the Joe of those days revealed to the appreciative eye of the Superior the qualities he prized most in the future representatives of Assumption. This year, too, Father Pacquette, as Pastor of Sacred Heart Church, Parkhill, Ontario, completes a quarter of a century in the Service of the Church. Though he never sought publicity, never made the head-lines, he has been to his Bishop, always what he was to the Superior of Assumption, a man to be trusted. Assumption salutes Father Joe, and in congratulating him on his Silver Jubilee, binds up together with these sentiments of today, the gratitude and admiration of former days.

I have before me as I write a notebook of those days. It is a sample of the education Assumption was giving at that time. In it we find that its owner and compiler, Bill Savage, has a collection of quotations from the Classics—Cicero, Ovid, Horace—as Father Will Sharpe set them forth for these men whom we honour today. On this picture, too, is a motto—chosen by the same Classical scholar and professor. But if we wish to choose a motto to characterize this illustrious group, we believe none better could be found than a quotation from Father Frank Forster who, when speaking at the Assumption Jubilee of 1920, said that the aim of Assumption College was then, as it always was—"To take boys and to make of them men before men, and men before God."

The Life of An Assumption Boarder

300 boys study, eat, sleep and play at Windsor's Assumption High. What is this life really like? Here is your photo-answer!

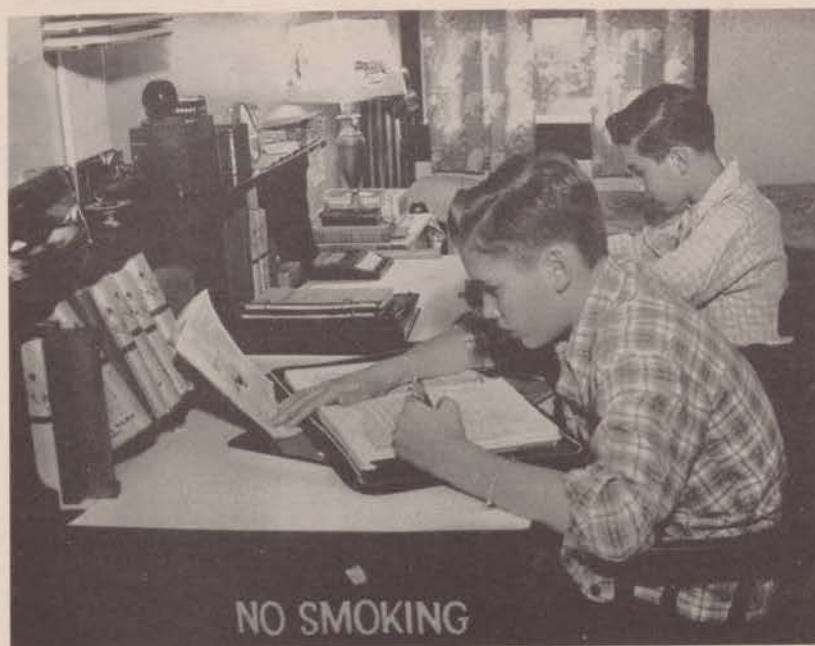

OH, SO EARLY," cries Joe as he climbs out of bed at 6:20 a.m., rising time for Joe on schooldays. On Saturdays and Sundays, boarders get to sleep in until 7.00 a.m. Joe has a semi-private room on the First Flat, with room mate Joe De Mattia, of 9-F. Out of Assumption's three hundred boarders, about half of them sleep in large dormitories of about forty beds each. The others occupy rooms on the flats.

CLEAN-UP TIME comes next. Joe is on a definite time schedule. Unlike many students living at home, he does not sleep in, get dressed in three minutes, dash off without breakfast and end up in class in a state of nervous exhaustion. Ample time is provided for each activity. Plenty of hot and cold water in all washrooms to make it easy to wash behind the ears, etc. On Joe's right is Ronald Brown, of Leamington, while in front of Joe is Bill Emmons, of Detroit. Almost hidden behind Bill is John Lassaline also of Detroit. Frank Csizmadia is waiting his turn at the washbowl. All are on the first flat.

COLLEGE CHAPEL. All Catholic boys attend Mass at 6.45 a.m. Boys of other faiths may attend if they wish. Otherwise they have a special morning study period. A.C.H.S. was founded in 1856, has been in charge of Basilian Fathers since 1870. Enrolment 1950: 943 boys.

AFTER BREAKFAST Joe makes his bed and enjoys a short recreation. Morning study begins at 8.00 a.m., and lasts until 8.35 a.m. Here Joe is seen studying in Tom Liddy's room, with Tom sitting at his own desk. Boarders in semi-private rooms study in their own rooms. Those who do not have rooms study in the large study halls.

CLASSES BEGIN at 8.45 a.m. just like those for the Day Scholars. Here Joe is seen doing a little *Parlez-vous* in French class. Joe had no comments to make on his French marks for first term, but claims that he will be among those photographed as "A" students for the next honours issue of the Reporter. By the way he has been working, it seems almost certain that he will.

LUNCH HOUR for Joe is at 11.45 a.m. Before lunch comes one of the highlights in a boarder's day,—mail time.

DON KUMMER waits on table at meal time. John Mansfield, Chuck Cooper and Bob Knudsen are also seen in the foreground. Jack Lynch can be partially seen at the head of the table. He is prefect of the table. This table is in the college refectory, which can accommodate some three hundred and fifty boarders at one meal.

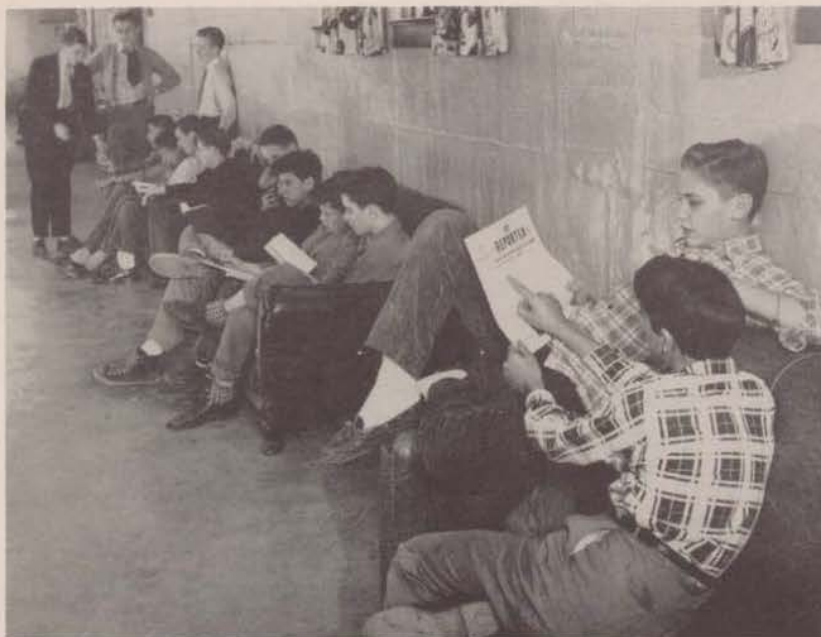

13- ACRE FOOTBALL is a highlight of Assumption life. House leagues often play several games at the same time. A.C.H.S. held WOSSA cup for two years, lost it this year to Windsor's Kennedy Clippers. Two full hours every afternoon from 2:45 p.m. until 4:45 p.m. is just for sports.

A GOOD SWIM every afternoon is a favourite pastime. Many are expert swimmers and divers. They spend most of their time in the swimming pool. John Koch, Don Harlow and Butch Warner can be seen in the water. A good swim is relaxing after a tough day in the classroom. Day Scholars should use our swimming pool more often. It belongs to them as well.

BEFORE STUDIES, and at the end of each recreation, the candy pond is open to all who would purchase sundry confections to dull a sharpening appetite. Manager Chapman is seen handing a student his money's worth, before 4.45 p.m. study begins. Study lasts until supper time at 5.30 p.m.

AFTER SUPPER most boarders relax in the recreation room under the gym. However, during basketball season, many spend their recreation time in the various basketball games of the Boarder House Leagues. Ping Pong and other games are available in the recreation room. Here the student relaxes as he looks over a copy of the Reporter with Larry Marchione. More study at 7:30 p.m. until 9:00 p.m. Retiring and lights out at ten o'clock.

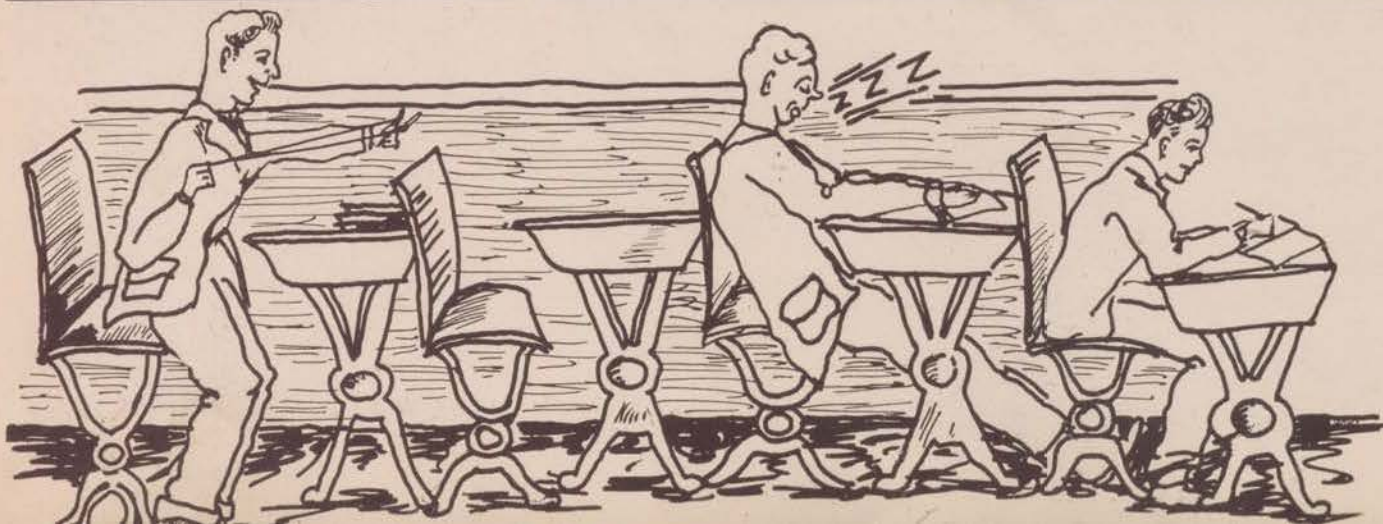

SOMETIMES a boarder doesn't feel too well, especially around exam time. There is a twenty-three bed infirmary in charge of two registered nurses to take care of all sick boarders. Joe is seen here in a three-bed ward with Joe DeMattia, his room-mate, and John Lassaline.

PARENTS, sisters, brothers and friends may call on students each Sunday afternoon, and spend a few hours with him.

CCHECKING OUT with Father Brown for a week end at home. Boarders get to go home once a month, from Friday afternoon until Sunday evening, if the marks are good. There are also General Saturdays every two weeks, when a boarder is free to go out between meals on Saturday afternoons. Stan. Maczkowski is waiting his turn.

Assumption's Great Original Christian Culture Series

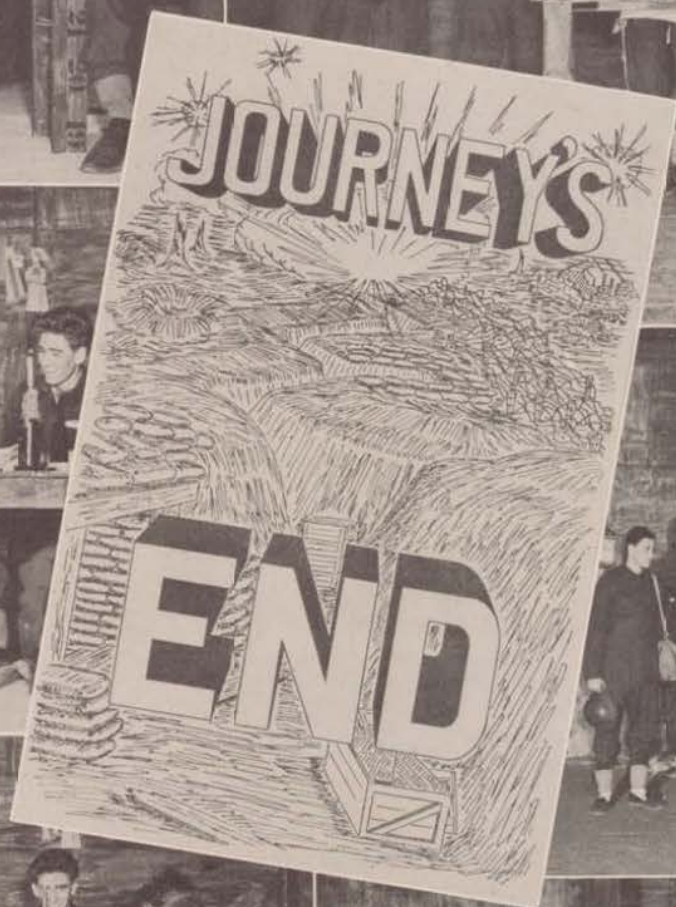

Sixteenth Season, An Unforgettable One

THE sixteenth season of Assumption's great Christian Culture Series which opened with Rt. Rev. Msgr. Fulton J. Sheen in Windsor and Detroit last October 2 and closed on April 26, with the presentation of the 1950 CHRISTIAN CULTURE AWARD MEDAL to blind pianist, organist, composer, Paul Doyon of Montreal, embraced no less than twenty-two public presentations. Besides Msgr. Sheen, the speakers were: Fulton Oursler, Gretta Palmer, Bruce Marshall, Robert Keyserlingk, Father Harold C. Gardiner, S.J., Dr. Herbert Ratner, Archduke Otto, Robert Speaight, and Paul Doyon. Margaret Webster's professional production of "Julius Caesar" gave Assumption a preview of the play which appeared for a week at the Shubert Lafayette after Easter. Four stars of the Royal Conservatory Opera Company of Toronto did the "Marriage of Figaro" in costume, with Dr. Nicholas Goldschmidt accompanying, and left the huge audience still applauding. Michael O'Duffy, the famous tenor from Ireland shared a program with the Haydn Irish Harp Duo of Boston; Lilly Windsor was acclaimed by Detroit critics as one "destined for greatness." Vivan Della Chiesa, Pierre Boutet, George Haddad, Senior School String Quartet, Daniel Duno, Leopold Simoneau, Dougherty and Rusicka, all lived up to their advance musical reputations. The Vienna Choir Boys drew over 1700 eager and thrilled auditors, with almost a thousand being unable to gain admittance.

Seventeenth Season—1950-51 Maybe Even Greater!

ON Sunday, October 1, Msgr. Sheen for the seventeenth successive year will open the series which Father Stan. Murphy, C.S.B., M.A. founded. Among the famous personalities who will follow him in lectures are: Louis Francis Budenz, Rosalind Murray, Kurt von Schuschnigg, Carlos Fallon, J. M. O'Neil, the man who rebuts Blanchard to a standstill, and several others. Following the famous Parlow String Quartet will be Lilly Windsor, leading American Soprano of the Rome Royal Opera; Denis Harbour of the Metropolitan Opera; Nino Martini; Vienna Choir Boys; Paul Doyon, world-famous blind pianist, assisted by the Assumption Concert Band in an original composition by Mr. Doyon; Elena Nikolaidi, the greatest living contralto; Michael O'Duffy; Five stars from the Royal Conservatory and C. B. C. Opera in a miniature of a great Opera; Players Inc. of Washington, D.C. in a production of "MacBeth"; 1951 Christian Culture Award Medallist, etc.

At Music Hall, 350 Madison, Detroit, will be Msgr. Sheen, Oct. 1, 8:30 p.m.; Lilly Windsor, Kurt von Schuschnigg, Michael O'Duffy, J. M. O'Neill. Mr. Robert Speaight—actor, author, lecturer—who played the role of Hibbert in the original production of "Journey's End", poses said role for the cast in a preliminary work-out.

DRAMATICS

Our stalwart and trusty stage-crew—Left to right: Van Thompson, Ken Parker, George Tomlinson.

JOURNEY'S END

Assumption's annual play this year was "Journey's End", a story on life in the trenches of World War I. Directed by Fr. Thompson and Mr. Heath it was a fine example of what previously untrained and inexperienced High School boys can do. The play was a fast moving drama, tense with the excitement of waiting for death in an artillery war. The scenery was executed by Fr. Quinlan and Mr. Galla, and was perfect. Many students even wondered if they were in the front lines instead of St. Dennis Hall, the dirt trench and dugout were so realistically portrayed. Blaine Wiley acted the lead with remarkable dramatic talent, as a nerve-racked commanding officer seeking escape through liquor. Hugh Copland, Jerry Meade, and Frank Roberts were likewise outstanding, while Bob Knuckle and Steve Zam provided necessary humor with punch to burn. The fine acting of Red Miller, Jack Lynch, John Panontin, Duane Clouthier, Gene Skiffington, and Ron Stehyrba added the finishing touches. Theirs were minor roles, but as Mr. Benton, the adjudicator from the Windsor Civic Players said, "There are no small parts; only small actors."

RIGHT—Reading clockwise from upper left.

OSBORNE: It's a nice looking sock.

HARDY: It is rather. Guaranteed to keep the feet dry. Trouble is, it gets so wet doing it.

STANHOPE: Ready Hibbert? Come on, m' lad.

STANHOPE: Well Hibbert?

HIBBERT: Everything's fairly quiet. Bit of snipping somewhere to our left.

STANHOPE: All right, Broughton. I'm coming.

COLONEL: And Raleigh, just go in like blazes. Grab hold of the first Boche you see and bundle him across to me.

SERGEANT MAJOR: Come on, sonny; we ain't going to hurt you.

MASON (to "Bert" on his way out to get pepper): A screw of pepper you ask for! (While the officers at the table, all out of character, enjoy a joke one will look for in vain in the script.)

TROTTER: That looks all right.

MASON: If you look down straight on it from above, sir, you can see the bit o' lean quite clear.

RETREAT MASTERS

The Annual High School Retreat, an institution as old as Assumption itself, was held from October 4th to the 7th, 1949.

Two Paulist Fathers from the Detroit House, Fr. Lombardi and Fr. Farrell, directed the Senior and Junior divisions, respectfully, during those days of prayer and recollection.

The days of retreat, when considered by the majority of Assumption Students, are the most important and memorable of any school year. The benefits gained therefrom, and the spiritual experience undergone during the retreat, are memories that will long remain fresh in our minds.

WINDSOR IS OUR HOME TOWN

Antigua, Barbados, Singapore, Karachi, Umtali, Samoa . . . a few of the faraway places with strange sounding names where Ford of Canada products are sold.

But the most important name to us is Windsor, our home town, where more than 13,000 men and women contribute their talents and skill to building cars and trucks.

Naturally, many of these men and women are

Windsor folk. They built their careers in plant and office according to their interests and abilities . . . as mechanics, upholsterers, electricians . . . as doctors, lawyers, and engineers . . . painters, carpenters, and draftsmen . . . clerks, typists, and copywriters.

From Windsor classroom to a satisfying career with Ford of Canada . . . perhaps that is a road you, too, will take.
